

HAUPTMANN'S ONLY HOPE IS WITH COURTS

Governor Will Not Intervene In Case

By Samuel G. Blackman
Associated Press Staff Writer
Trenton, N. J., March 25.—(P)—Governor Harold G. Hoffman, who saved Bruno Richard Hauptmann from execution two months ago, said tonight he will not do so again on his own initiative. Hauptmann's only hope, the governor said, lies in judicial intervention.

Hauptmann is scheduled to die at 8 o'clock Tuesday night.

The governor spoke a few hours after Hauptmann, in a last-minute desperate move, asked the court of pardons for the second time to commute his death sentence to life imprisonment. The same eight men who will decide whether to hear the appeal rejected Hauptmann's first request for clemency on January 11.

"I stand on my January 17 statement," the governor said, "that I would not grant a further reprieve unless a situation arises which the attorney general would agree warranted asking the court for another extension."

He declined to say whether anything has happened to warrant such a move by himself and Attorney David T. Wilentz, Hauptmann's chief prosecutor.

Asked if failure of Hauptmann's mercy plea and an appeal for a new trial would mean the Bronx carpenter would die next Tuesday night for the Lindbergh baby killing, the governor said:

"It looks much that way."

The governor said he still desired to question Dr. John F. Jastis Condon, Lindbergh's reason for execution, but would not accept Dr. Condon's terms under which the proposed interview would be held.

The governor said he would meet Dr. Condon any place except his home, where Jastis suggested the meeting take place in the presence of Attorney General Wilentz.

Chicago Druggist Shoots Down Bandit

Chicago, March 25.—(P)—Olaf Ohlson, sharp shooting druggist who has shot it out with bandits on nine occasions, had a notch on his trusty pistol today.

He slew one of two robbers who engaged him in a gun battle last night. A motorist, struck by a stray bullet, was seriously wounded.

Ohlson and his clerk, William Dwyer, were standing behind a counter when the intruders entered. Ohlson glanced at their drawn revolvers. He offered the pair a drink. They gulped the whisky, forced Dwyer to hand over \$165 and fled.

Ohlson, shooting from the hip, pursued them, one of the fugitives fell mortally wounded. The other, carrying the loot in one hand and returning the pharmacist's fire with the other, leaped into a waiting car. An accomplice drove him away.

Then it was discovered that George Almer, sitting in an automobile, had been struck by a wild bullet. He was taken to a hospital.

Police sought to identify the slain robber through finger prints.

Lightning Cure For Arthritis

Keyport, N. J., March 25.—(P)—Adeline Slover, 40, for years crippled by arthritis, walked unassisted today through what she declared was the intervention of a "miracle" from "Heaven" in the form of a bolt of lightning.

When 25 years old, Miss Slover told friends she suffered an attack of arthritis. She could not use her hands and could not walk save with the aid of several persons.

Friday night, she said, as she lay in bed saying the Lord's prayer, "a bolt of lightning seemed to strike outside my window."

"It flashed before my face and I fell back stunned," she added. "Then I began to shake all over."

Presently she had "feelings" in her arms and legs, she said, and next morning found she would move them.

RESCUE WOMAN

Lebanon, Ill., March 25.—(P)—Firemen today carried Mrs. Mary Pison, 60-year-old invalid, to safety down a ladder from the second floor of her home as flames swept the building.

The aged woman's niece, Mrs. Fred Bowler, discovered the fire but was unable to move her aunt. The house was destroyed.

Five Returning From Convention Killed By Train

Passenger Train Traveling 70 Miles An Hour Hits Auto

Lansing, Mich., March 25.—(P)—Five persons, returning from a church convention, were killed this afternoon when a grand trunk passenger train, traveling 70 miles an hour, struck their automobile at a crossing in Haslett, a nearby village.

The dead, all of Lansing: Mike Trivick, 52, a factory worker. His wife, 48.

Mrs. Betty Sochodski, 40.

Mrs. Helen Truss, 44, wife of the Rev. Paul Truss, pastor of the Russian Baptist church.

Mrs. Helen Paukash, 42.

Flying debris struck Doris Mock and Helen Goff, 18-year-old high school girls who were standing at the crossing waiting for the train to pass. A sheet of metal nearly severed Miss Mock's left leg, necessitating amputation. She also suffered a compound fracture of the right leg and her condition was serious tonight.

The train, the Inter-City limited, was bound for Chicago from Montreal.

Killing Frost In California

San Francisco, March 25.—(P)—Smudge pots, old automobile tires and brush fires burned in California's orchards tonight as a killing frost settled on the blossoming fruit crops for the second consecutive night.

Temperatures down to 26 above zero were general in the great fruit valleys last night. Tonight's forecast was for even colder weather.

Snow storms and unseasonably cold weather held other sections of the west.

In parts of the Sutter-Yuba "peach belt" north of Sacramento frost damage to the crop was estimated as high as 75 per cent. Prunes, cherries and walnuts felt the blight of the weather.

A Marysville grower purchased 10,000 old automobile tires to burn in his orchard tonight.

The cold, sweeping down from the north, was preceded by a storm which left snow on coast range mountains as far south as the Mexican border.

Orang-Utan Will Not See Parade

Chicago, March 25.—(P)—The Easter parade will be just a lot of monkey shins to Barney, the "forgotten" Orang-Utan.

Every other animal in the Lincoln park zoo—except those with spring fever and kindred ills—will watch gay hats and frocks and coats go strolling by their cage bars in celebration of the festival.

But Barney will be hidden from the world, unseen and unseen, within the four walls of the monkey hospital. For years he has been there, too big and too strong to be trusted in an open cage.

Unless someone contributes a cage that is strong enough, Zookeeper Floyd Young said Barney will spend Easter like any other day—watching the antics of hospitalized monkeys.

FATALLY BURNED

San Antonio, Tex., March 25.—(P)—Mrs. Jesusa Cruz, 100 years old, was fatally burned today while her husband, Manuel, also a centenarian, looked helplessly on, screaming for help.

His cries were answered by George Pintor who rolled the woman on the floor, extinguishing the flames. She was rushed to a hospital where she died. Mrs. Cruz apparently tipped over a kerosene lamp which set her clothing afire.

RECEIVE BIDS

Springfield, Ill., March 25.—(P)—The state division of highways today took under advisement bids from 125 firms on 125,000 barrels of cement for maintenance of Illinois roads in the ensuing year.

WEALTHY BAKER ACQUITTED OF MURDER CHARGE

Directed Verdict Frees Him In Slaying Of Eli Daiches

Chicago, March 25.—(P)—Irving Weitzman, wealthy bakery chain head, was acquitted today on a directed verdict at his second trial for the 1934 "ouster drive" slaying of Eli Daiches, advertising executive.

Convicted and sentenced to life imprisonment a year ago, Weitzman was granted a new trial by the Illinois supreme court. It held the testimony of Walter Murphy, a confessed gunman, who asserted Weitzman had hired him to do the killing, was untrustworthy.

"The state has introduced no new testimony," commented Judge John J. Lape after Weitzman had taken the stand to deny the murder charge. He then ordered the jurors to bring in a decision clearing the baker.

In following the supreme court's finding in reversing the previous conviction, Judge Lape agreed that the story of Murphy that he was hired at a fee of \$25,000 to arrange the slaying, which he "fanned out" to two others, was "wholly uncorroborated."

Prosecutor Wilbert S. Crowley demanded the jury be polled when the verdict was announced and said he would seek from the supreme court an order expunging Judge Lape's instructions.

"Of course I am delighted," said Weitzman as he received the congratulations of his wife, son and daughter.

Mrs. Belle Daiches, widow of the slain man, and Mrs. Lillian O'Shea his secretary, who testified she also had been his "sweetheart," sat on opposite sides of the courtroom when the verdict was delivered.

"The truth of this matter may yet come to life," said the widow who once in cooperation with Mrs. O'Shea spent several months attempting to track down the killer.

Congressmen Aid Tenant Farmer

Washington, March 24.—(P)—Sympathetic house members broke their own rules today to shower dollar bills on Representative Stubbs (D-Calif.) to aid the Everett Parker family of last session's family baby-nursing fame.

Speaker Byrns finally stopped the collection as a violation of the House rules, but before \$48 had been contributed.

Mrs. Parker, wife of a Tennessee tenant farmer, was asked to leave the gallery last session when doorkeeper Joseph Slinnot found her nursing a tiny infant.

Representative Dunn (D-Miss.) rose today to describe the plight of the family to which a new addition was born three days ago. He pictured the family's plight as "a pure case of unadvised relief appropriations."

Stubbs suggested the collection, but said later he had no idea of collecting the money on the floor.

"But they started shoving money at me," he said, "and we would have had a hundred dollars in no time if we hadn't been stopped."

Four Sentenced To Joliet Prison

Chicago, March 25.—(P)—Within two hours after their indictment on charges of robbery with a gun, four ex-convicts were sentenced today by criminal court Judge Cornelius Harrington to one year to life each in Joliet penitentiary.

They were Alfred Pascherer, 29, Omaha, Neb.; Edward Barron, 25, Bellinham, Wash.; James Kelly, 31, Rochester, N. Y.; and David Brennan, 31, formerly of Dunkirk, N. Y.

Assistant State's Attorney Gordon Nash said the men were released from the federal penitentiary at Leavenworth, Kas., three months ago. He told the court they robbed 60 Chicago liquor stores.

The men were seized after Pascherer was wounded in an attempted holdup.

Judge Harrington imposed sentence immediately after the four pleaded guilty to the charges.

HOLD SUSPECTS

Freeport, Ill., March 25.—(P)—Elwood Senn, 32, of Sterling, Ill., and Palbridge Purvis, 36, of Clinton Ia., were held in the county jail today pending federal grand jury action on charges of possession and passing counterfeit coins.

Sterling police arrested the pair following a raid on Senn's house, where they said, moulds for making counterfeit coins were found. Senn and Purvis were held in \$2,500 bond a piece.

DIONNES IN MOVIES

Hollywood, March 25.—(P)—The rest of the Dionnes are going to be in moving pictures, too.

Charles Rogers, who recently assumed control of Universal Studio, announced today he has signed up Mr. and Mrs. Olivia Dionne and their five older children for a screen play to be filmed here entitled "Where Are My Children."

A picture starring the five Dionne quintuplets is showing currently.

Dorothea Longcope Freed On Charge Of Shooting Her Son

Jesse Livermore, Jr., Takes Witness Stand And Exonerates Her

Santa Barbara, Calif., March 25.—(P)—Jesse Livermore, Jr., 16, son of the Wall Street operator, exonerated his mother, Mrs. Dorothea Longcope Longcope, today of shooting him last Thanksgiving by terming the affair an "accident."

The youth's testimony caused Justice of the Peace Ernest Wagner to dismiss charges of assault with a deadly weapon with intent to commit murder against Mrs. Longcope.

Taking the witness stand at Mrs. Longcope's thrice-postponed preliminary hearing, young Livermore, said he staged a mock death scene to chide his mother for requesting him to stop drinking.

"I lay on the floor enacting the death scene and pushing the .22-caliber rifle into my mother's hands," he said. "She was reluctant to take it and as I tried to force it into her possession, the gun went off." He was wounded seriously in the chest.

The youth, who last week left a Santa Barbara hospital, replied with a strong "no" to the question if he believed his mother intended to murder him, and declared "it was merely an accident."

Dr. Neville Ussher, who attended the wounded boy, said he also examined the mother early Thanksgiving Day, and found her so intoxicated he did not believe she could remember anything she might have said at the time. He did not remember her telling him, "I have shot my son."

Claim Stenographer Admitted Shooting, Married Admirer

New York, March 25.—(P)—Two state witnesses today quota Vera Stretz, attractive stenographer, as saying "I shot him" shortly after the body of her married admirer was found in his lower apartment overlooking the East river last November.

At the same time, defense counsel launched on a self-defense plea in the hope of saving the 31 year old ash-blond from the electric chair, obtained testimony that sent help to Dr. Fritz Gebhardt's room after shooting him.

Dr. Gebhardt, 43, president of a German importing firm, died almost immediately from four bullet wounds and Miss Stretz was arrested shortly afterward on another floor of the building.

Production of the snub-nosed black revolver which she used to end an illicit love affair that her attorney said, turned sour, sent Miss Stretz into fresh paroxysms of weeping.

There were other exhibits that caused her to shudder and turn her eyes—the stained, rose-colored night gown found with the revolver in her bag after the killing, the two police photographs of the body, the empty shells and the miscellaneous other contents of her bag.

Ten witnesses testified for the prosecution on the fourth day of her trial. The substance of the testimony was that shots were heard in Dr. Gebhardt's 21st floor apartment about 2:30 on the morning of Nov. 12, 1935, that Miss Stretz rang the elevator bell at the 19th floor and told attendants to go to his room, and that she next was found in the corridor of the third floor, where she said "I shot him," but refused to tell why.

The state has hinted, at preliminary hearings, that she was jealous of a "third woman," while the defense contends she fired to protect herself from unnatural advances.

Florence Bohrer Speaks To Women

Mattoon, Ill., March 25.—(P)—Florence Fifer Bohrer, of Bloomington, Ill., who served two terms in the state senate, told a group of Republican women from several counties here today that "since every law affects us we need a greater voice in government."

Mrs. Bohrer, daughter of former Governor Joseph Fifer, urged the women to work in behalf of a permanent registration bill, a larger distributive school fund, a new tax system and effective child welfare laws.

Republican candidates from the 1928 congressional district attended the meeting sponsored by the Coles County Republican Women's club.

"Since they represent 52 per cent of the nation's voters, women should be taken into Republican party councils and have written into the platform the issues that women believe in," Mrs. Bohrer said.

King Will Keep Control Of Babies

Toronto, March 25.—(P)—Olivia Dionne's letter to King Edward VIII asking that custody of his quintuplet daughters be restored to him has returned to Ontario, his home province.

The letter was received by his Majesty and handed over to be returned to Canada. The governor-general, who received it, sent it to the secretary of state, who in turn, forwarded it to H. C. Nixon, provincial secretary.

From Nixon it went to Ontario welfare minister David Groll. It is expected he will answer the letter, explaining that the king, who has the five babies as his wards, is determined to keep control of them for the present at least.

NEEDLE IN THROAT

Joliet, Ill., March 25.—(P)—Robert Brummett, 62, of Cullon, Ill., was in a hospital today with a needle in his throat. He swallowed it, he said, while eating mashed potatoes last night.

Dr. George Woodruff performed an unsuccessful emergency operation early today in an attempt to remove the needle. Hospital attaches said Brummett's condition was critical. The needle, they said, had penetrated the esophagus and was lodged against a vertebra.

It was believed the needle fell into the potatoes while they were being prepared for the table.

RE-ELECT OFFICERS

Springfield, Ill., March 25.—(P)—President L. A. Magraw of Springfield and other officers and directors of the Central Illinois Public Service Company were re-elected today at the annual meeting of the stockholders. The directors re-elected included William F. Gerdes of Quincy.

A. T. T. IN ROLE AS 'ANGEL' FOR PICTURE FIRMS

Helped Finance More Than 30 Feature Pictures

Washington, March 25.—(P)—A \$3,400,000 investment of the American Telephone and Telegraph company in the role of "Angel" for motion picture companies was detailed today to the communications commission.

Samuel Messels, an accountant-investigator in FCC's \$75,000 investigation of the utility, testified that from 1929 to June 30, 1935, an A. T. & T. subsidiary helped finance more than 30 feature pictures and numerous shorts, including western thrillers, musical comedies, and travelogues.

A transaction through which an A. T. & T. subsidiary lent \$13,000,000 to the Fox Theaters Corporation in 1929 was described to an audience which included William Fox. He spent the afternoon reading transcripts of testimony.

Explaining he had "dropped in" at the hearings while here to receive medical treatment, Fox hinted he expected to be called as a witness later. FCC investigators said no subpoena had been issued for him but declined to say whether he might be summoned.

The hearing recessed this afternoon until Tuesday morning, when investigators indicated some new phase of A. T. & T. operations would be taken up.

Messels' testimony was a part of the attempt of Samuel Becker, special FCC counsel, to show far-flung A. T. & T. activities in "non-telephonic" fields.

Among loans for sound movie production Messels listed more than half a million dollars advanced to Hecht-McArthur, Inc., for making "Crime with Passions," "Once in a Blue Moon" and "The Scoundrel."

Canadian Police Are Investigating Kidnaping Attempt

Toronto, March 25.—(P)—Police tonight investigated a reported attempt to kidnap of the five-year-old Mary Kenny, daughter of one of the leading contestants in the \$500,000 Charles Vance Millar baby race.

Mrs. Matthew Kenny, Mary's mother, reported to police the child had come home from school yesterday and told a story of being threatened by two men and a woman.

Mrs. Kenny, who claims 12 children have been born to her since the death of the eccentric Toronto millionaire, said Mary told her a blonde black car stopped beside her while she was walking on Adelaide street.

The woman, according to the girl's story, opened the door of the car and said: "You're the half-million dollar kid, get into the car or we'll kill you."

Miller's will left \$500,000 to the Toronto mother bearing the most children in the 16 years following his death Oct. 31, 1928.

The woman was reported to have torn a button off Mary's coat and the man to have attempted to grab the child.

"I ran up a lane," Mary told her mother, "and a man came out of a building and asked me what was the matter." When the man took her back to the street, the car was gone.

Mrs. Kenny said Mary arrived home sobbing and frightened. The girl would not go back to school today.

Paul McCullough, Comedian, Dies

Medford, Mass., March 25.—(P)—Paul McCullough, 52, of Brookline, radio, screen and stage comedian, and a member of the widely known team of Clark and McCullough, died at Lawrence Memorial Hospital today.

Hospital officials said he died of wounds suffered Monday when he slashed himself with a razor in a Medford barber shop.

McCullough, with a friend, has entered the shop for a shave. Patrolman John Mills said. The comedian grabbed a razor, the officer added, and before he could be subdued had slashed his throat, wrists, and arm.

He was enroute home from a hospital, where he had been treated for a nervous breakdown.

Bobby Clark, McCullough's partner, and McCullough were born in Springfield, Ohio, went on the stage together 30 years ago, and had teamed together since. They comprised one of the oldest comedy teams in point of service in the country.

Nancy Lee Vogt Tiny Babe, Dies

Oakland, Calif., March 25.—(P)—Nancy Lee Vogt, who weighed only an estimated 15 ounces when born February 5, died unexpectedly at a hospital here today.

She had gradually progressed in her incubator until she slipped the scales at three pounds, three and three-fourths ounces.

Dr. John W. Sherick, said death was due to immaturity and improper development and functions of some of the vital organs.

Nancy Lee was the daughter of Mr. and Mrs. Paul Vogt.

Her weight at birth was only estimated because physicians did not want to risk releasing her from her incubator long enough to weigh her. Her food was at first administered through an eye-dropper.

Mrs. Jackie Oakie Will Quit Movies

Chicago, March 25.—(P)—There will be only one motion picture player in the Jack Oakie family, the wisecracking film comedian asserted today as he arrived here with his bride, the former Venita Varden of the follies.

"I may be a bum comic, but I'll take care of that end of the business for this family," he said. Mrs. Oakie had a part in a recently completed picture (the Gros Zeigfeld).

Mrs. Oakie said she was agreed that she should give up her movie career.

The Oakies arrived aboard the Southern Pacific train on which the marriage was performed Sunday night at Yuma, Ariz.

Subcommittee Rejects FDR's Suggestion For Processing Tax on Farm Commodities

By Douglas B. Cornell Associated Press Staff Writer Washington, March 25.—(P)—A house ways and means subcommittee today flatly rejected President Roosevelt's suggestion for new processing taxes on a wide range of agricultural commodities.

Reversing a decision reached 24 hours earlier to bring such levies—without recommendation—into open hearings on the administration's \$792,000,000 revenue program, the group agreed that the discussions should be restricted to three major revenue proposals:

1. Broadly revised corporation taxes estimated to bring an additional \$591,000,000 annually into the treasury cash till.
2. A 90 per cent "windfall" levy, to produce at least \$100,000,000, on processors who from unpaid or refunded AAA processing taxes.
3. Temporary continuation of existing capital stock and excess profits taxes, to yield \$83,000,000.

A report embracing these recommendations will be filed tomorrow with the full ways and means committee, which will open public hearings Monday.

While the entire committee could reinstate processing taxes, such action was held extremely unlikely because of opposition among several members to these levies in a campaign year.

JUDGE JOSEPH SABATH CELEBRATES BIRTHDAY

Chicago, March 25.—(P)—Superior Judge Joseph Sabath, dean of Chicago divorce courts, observed his 66th birthday anniversary today and made it the occasion for some advice to those who desire their marriages to last.

As an antidote for divorce, he recommended:

- Long engagements.
- More impressive marriage ceremonies.
- Compulsory publication of intention to wed a week in advance.

And Judge Sabath ought to know. He estimates he had heard more than 46,000 divorce cases, reconciling about 3,200 of them. Some of the couples he persuaded to kiss and make up sent him flowers today.

Would Develop Foreign Market For Livestock

Chicago, March 25.—(P)—Protection of the domestic market and development of foreign markets for live stock and its by-products was urged in resolutions adopted by directors of the National Live Stock Marketing Association today.

"We believe every effort would be made to preserve the domestic market for the domestic producer," one resolution read. "To accomplish this end we recommend the president of the United States exercise the authority granted him to advance the tariffs where agricultural commodities are coming into the United States over the present tariff wall."

For development of foreign outlets, the directors recommended that "an adequate portion of the 30 per cent fund accruing from money received on imports be used."

Copies of the resolutions will be forwarded to President Roosevelt and Secretary of Agriculture Wallace, Charles A. Ewing of Decatur, Ill., chairman, said.

Attending the conference were representatives of 22 marketing groups and six credit corporations.

Flogging Trials Will Proceed

Tampa, Fla., March 25.—(P)—The Shoemaker flogging trials today were ordered to proceed as scheduled in Tampa, where Joseph Shoemaker organizer of unemployed workers into political groups, was abducted outside police headquarters and beaten to death last November.

Cries of "communistic" activity and public prejudice against the defendants in the case were raised by defense counsel in motions to transfer the cases to another county, but presiding Judge Robert T. Dewell overruled the motions.

Selection of a jury to try the first case, in which three defendants are charged with kidnapping, was ordered by Judge Dewell to proceed. He explained that he was withholding final decision on motion to transfer the trials until it is shown by actual efforts whether a fair and impartial jury can be seated in this county.

St. Louis, March 25.—(P)—Illinois Red Cross chapters have raised \$111,365 of a \$257,000 state quota for the relief of eastern flood victims. William M. Baxter, Jr., Midwest manager of the organization, announced today.

Baxter said Colorado was the first state outside the devastated area to reach its goal. Missouri residents have contributed \$41,770 of the state's \$94,070 quota.

Midwestern states, Baxter said, have subscribed \$418,000 of the \$2,133,000 raised nationally for flood relief.

TREASURER RESIGNS

Chicago, March 25.—(P)—O. R. Judd, Brooklyn, N. Y., bank cashier, today presented his resignation as treasurer of the general council of the northern Baptist convention to a meeting of the council here.

The resignation, which Judd said was necessitated by the "stress of business," will become effective April 30.

A successor will be named at the annual convention of the denomination at St. Louis, May 18 to 24. J. H. Franklin, chairman of the meeting, said.

WOULD PREVENT VOTE STEALING AT ELECTIONS

Chicago Association Of Commerce Opens Drive

Chicago, March 25.—(P)—The Chicago Association of Commerce today announced its intention to lead a campaign to prevent "stolen votes" from deciding the 1936 elections in Illinois.

The drive was described by Edward A. Zimmerman, of the association's civic affairs committee, as a protection to "our existing form of government."

In inaugurating the anti-ballot fraud movement at a businessmen's luncheon, Zimmerman quoted James Warburg, New York banker, as saying:

"Our success or failure as a constitutional form of government may easily hinge upon the outcome of the elections which we hold this autumn."

The clean election campaign, he explained, will be built around a "special corps of investigators" who will "watch workers at the polls, x x x check on repeaters and floaters, and x x x later use their findings to force prosecution and conviction of those known to have aided in the stealing of votes."

The movement will be "non-partisan," Zimmerman asserted, and will be open to all interested groups.

A pledge card distributed at the luncheon meeting quoted newspaper accounts which totaled fraudulent votes in Chicago "at close to 250,000."

C. W. Judd, secretary of the Commerce Association, said the drive was the organization's first of its kind. Saving vote frauds were "not new" in Chicago, he declared, there was "no particular reason" for this year's activity except the "something figure have to be done some time, and this looked like a good time to do it."

The campaign announcement emphasized that "the party machinery of x x x the two major political parties for the next four years in Illinois will be determined at the April primary."

James Di George Cuts Visit Short

St. Louis, March 25.—(P)—James Di George, target for assassin bullets here in 1928, returned to Chicago today after a "heart to heart" talk with police here.

Di George, who said he was an "inspector" for the Chicago Baker's Association, was questioned by detectives shortly after his arrival when they found in his possession a list of men known to police. He said he had come here to look for a young relative who ran away.

After his talk with Chief of Detectives John J. Carroll, however, Di George decided to terminate his visit.

Di George and his wife were wounded by a gunman here in July, 1929. A short time later the gangland figure was arrested and then released in an investigation into the slaying of Pasquale Santino, his brother-in-law.

Officials Issue Flood Warnings

Wheeling, W. Va., March 25.—(P)—Weather bureau officials warned Wheeling today to prepare for a new flood that might inundate many low-land homes where workers were cleaning up the debris left by the recent upsurge of the Ohio river.

City officials took steps to prevent the re-occupation of threatened houses.

Lawrence Holcomb, of the Wheeling Chamber of Commerce, yesterday W. E. Brotzman of Pittsburgh notified him the Ohio's crest probably would reach between 40 and 41 feet tonight. The river began rising last night and reached the 30 foot stage.

"Blue Ribbon" Juries

In a gloomy court near the Tombs
prison in New York a comedy steno-
grapher is on trial for the murder of
her onetime boss, with whom she is
said to have ended a romance by the
tragedy. She is being tried by what
New York courts call a "blue ribbon"
jury, because it is composed of busi-
ness and professional men not usually
drawn for jury service in routine cases.

The mention of this jury reveals a
practice in large cities that is the
usual thing, but is not often men-
tioned, the use of professional jurors.
Ordinary citizens who work for a liv-
ing in business or the professions are
not on jury panels. There are so
many cases in the big city courts that
there is not time to select juries in the
usual way.

But there are experienced men who
haunt the courtrooms and wait for
service on juries. They are used in
routine cases because they are con-
venient to summon, and they manage
to keep themselves in ignorance of
the cases in hand so there will be no
trouble about their selection.

Hence, when an unusual case arises
where a "blue ribbon" jury is needed,
the fact makes the news columns. The
case in point is sensational and in-
volves rather prominent people. The
jury must likewise be out of the or-
dinary, as far as city court practice is
concerned. There is nothing wrong
with the use of professional jurors in
other cases. In fact it helps speed up
justice where court dockets are natu-
rally crowded.

End of "Terrible Tom"

In a federal court in Minneapolis
"Terrible Tommy" Touhy is given a
sentence of 23 years in Leavenworth
when he is found guilty on ten counts
for mail robbery. He sits before the
bar of justice in a wheelchair, wracked
with palsy, and unable longer to
menace the peace of decent citizens.
He is not being sent to Alcatraz, where
he would belong if he were in sound
health. He will not escape from fed-
eral prison in his condition.

He is the last of the "Terrible"
Touhy gang, two of whom are under
sentence of 199 years each in the Illi-
nois penitentiary. The mob that once
terrorized the northern section of the
country is now vanished, another evi-
dence that crime does not pay.

Tommy Touhy is done; he may live
only a few years, and if he gets out
of prison alive, he will be only a help-
less invalid. He has found that a man
indeed reaps what he sows, and the
end of his bitter harvest is not yet. His
plight causes little sympathy. In fact
those who once knew the terror of his
crimes are rather glad he can no
longer harm them.

New Naval Treaty

England, France and the United
States have signed a new naval treaty
which reverses the policy of limitation
and takes off the shackles, permitting
building to go forward practically un-
restricted. However, an exchange of
information on proposed new ships is
included in the treaty provisions. The
signatories are required to notify one
another when they are preparing to
lay a new keel.

Some believe that this plan will keep
down navy building, but no one knows
how it will work. As long as the
signatory nations remain good friends,
the exchange of information should do
no harm; but it would be a com-
promising thing in case of war. It
hardly seems fair that Uncle Sam, for
example, must keep other nations in-
formed of improvements he is making
in his navy, lest he be taken at a dis-
advantage in case of hostilities.

The United States and Great Britain
have agreed to keep abreast in navy
building. They are supposed to have
navies of equal strength and to be
supreme on the seas. The treaty leaves
the way open for both nations to main-
tain this supremacy and equality.
There is to be a naval holiday on large
battleships, which are now of ques-
tionable service, due to the ability of
bombing planes to put them out of
commission. That will save consid-
erable money, which should be spent on
better aerial equipment.

Japan is not expected to agree to
the new treaty, but the way is left
open for Italy to sign if she wishes.
Anyhow, Uncle Sam will now have no
conscientious scruples about keeping

his navy up-to-date, which should be
a great boon to our national defense.

America Turns to Music

Died-in-the-wool critics of Ameri-
can music ought to get a real jolt out
of what Charles Wakefield Cadman
thinks about the art. Mr. Cadman,
one of our leading composers, pre-
dicts that more good music will come
out of America in the next few gen-
erations than will emerge from Eu-
rope.

Naturally, such a statement will
shock that school which feels there
is no really great music unless it
comes from a European composer.
But there is a growing appreciation
of the art in our schools and col-
leges, homes and communities; more-
over, the era of glorified jazz is on
the wane.

Recognition of our contemporary
composers cannot come too soon.
American music, with all due defer-
ence to the great foreign masters,
needs the impetus of true apprecia-
tion.

In turn, this impetus will extend
to future contributions—the sort of
compositions Mr. Cadman labels
"good music."

War—With What?

In recent critical appraisals of the
tense European picture, one vital
point seems to have been overlooked.
That is the financial status of Ger-
many and her neighbors—a status
which makes war practically impos-
sible now or perhaps for a long time
to come.

John T. Flynn, leading American
economist and financial writer, brings
this point home forcibly. The Eu-
rope of 1936 is a very different Eu-
rope from that of 1914, Flynn re-
veals. Every country is ridden with
debt which, if war were declared,
would immediately increase.

Moreover, the next war will find
foreign credits difficult to obtain,
with the result that governments
necessarily would have to fall back
on gold reserves and nationalization
of the investments of citizens; all of
which would make a weak support for
a prolonged conflict.

SPEAKER AT CHAPEL

Dr. Frank Dedat, departmental
dean at Western University, was the
speaker Tuesday in the regular as-

Adult education and its develop-
ments formed a nucleus for his ad-

light has discarded the old idea that
"you can't teach an old dog new
tricks" by pointing to the success of
the adult education movement.

The most important contribution of
education to the individual, he said,
is that it enables him to do his own
thinking and make the proper adjust-
ments.

speaker and made some announce-
ments.

Counties Faced by Big Relief Problem When IERC Quits

Morgan County Officials Go to Conference; Hear Situation Talked

Morgan county officials went to Springfield Tuesday afternoon and heard Leo M. Lyons, executive secretary of the Illinois Emergency Relief Commission, describe the problems that will face all counties May 1, when the I.E.R.C. officially quits business. As has been known by local officials for some time, it will be up to the county then to work out its own relief plans.

With the relief burden shifted to the counties on May 1, added complexities are in store for Illinois communities July 1 when the administration of relief will be passed on to the various townships.

All members of the county board of commissioners, William M. Rees, Clifton C. Davis and Walter Peary, together with Mrs. T. J. Kelly, county relief administrator, and Mrs. Walter Bellatti, chairman of the county relief committee, attended the session at Springfield.

Despite the apparent seriousness of the situation, with many counties unable financially to shoulder the burden, those who addressed the conference

expressed belief that the state legislature will clear the situation between now and early summer. Commissioner Lyons said the I.E.R.C. estimates that this county has added a pauper tax of 16 cents per hundred dollars valuation, but that money will not be available by the time the load is shifted to the counties.

Two Kinds of Relief Lyons told the county representatives that there are two courses open to the counties in continuing relief—to retain the administrative type relief by which the self-respect of clients is guarded, and the old commissary plan by which the clients go to a central point for supplies at regular intervals. Lyons said, "I would like to see the latter plan 'freed off' many families now on relief rolls who would not accept help at a public station."

In picturing the relief situation Lyons said the old pauper type relief client is much in the minority, and that the average family now on relief is there solely because of unemployment, and is striving to maintain its standard of living until employment is secured again.

Lyons said the I.E.R.C. considers it a responsibility to help the various counties plan their programs in advance before the relief load is turned over to them.

He spoke in part as follows: "County Old Age Assistance Boards may obtain information on I.E.R.C. cases which apply to them for pensions, in the following manner: For every case containing a member 65 years of age or over, the county relief office shall make two copies of each of the two forms. The County Committee will authorize the release of one copy each, upon written request of the County Old Age Assistance Board, to the authorized representative of such Board who shall give receipt for the copies."

Physical Property

"The I.E.R.C. has no authority at the present time to dispose of any physical property in its possession. County Administrations are therefore prohibited from selling or donating any property of the Commission. However, prior to May 1, 1936, any I.E.R.C. property in the county which is not in use may be loaned to the County Board of Supervisors or Commissioners or to the County Old Age Assistance Board under the following conditions: (1) A written application for the loan of such property must be made to the County Committee and formal action taken by the County Committee before property is released; application for loan of equipment must be signed by the Chairman of the County Board of Supervisors or Commissioners, by the Chairman of the County Old Age Assistance Board; (2) Property so loaned must be subject to recall at any time; (3) Property so loaned must be returned in the same condition as received, except for reasonable wear; (4) A receipt for property so loaned shall be taken in duplicate, the original copy to be mailed to the I.E.R.C. Comptroller of the Budget, and duplicate to be filed in the office of the County Committee. The receipt must describe in full detail of each item of property so loaned. County Administrations will be further notified of final arrangements for disposition of all I.E.R.C. property."

"Notice shall be given all landlords terminating rental agreements not later than May 15, 1936. Care must be taken to give such notice in accordance with rental agreements. Wherever possible the privilege of withdrawing such notice for the benefit of any authority in charge of relief administration after May 1, should be obtained."

Unsettled Claims "Immediate attention should be given by each County Administration to any pending or questionable claims against I.E.R.C. funds. In case of each such claim, the County Committee is requested to make a definite and careful recommendation with regard to payment. One copy of such recommendation, together with the claim, shall be mailed direct to the I.E.R.C. Comptroller of the Budget for presentation to the I.E.R.C. Another copy shall be mailed to the District Representative who will promptly forward his own recommendation with regard to same to the Comptroller of the Budget."

Announce Plans for Annual Election to Board of Education

Petitions Filed for Three Members and President; Vote Saturday, April 11

The annual school election for members of the Board of Education in District No. 117 will be held Saturday, April 11. Petitions have been filed for the candidacy of President George B. Kendall for re-election and for the election of Fred R. Bailey and Merle C. Reynolds as members and the re-election of C. R. Gruney as a member.

Last Saturday was the final day for filing petitions. The candidates whose petitions have been filed are therefore unopposed.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning!
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest, it just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks pink. Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Bill Terry Believes His New York Giants Will be Stronger Team This Year

By Eddie Brietz
Associated Press Sports Writer
Pensacola, Fla., March 25.—(P)—Way down here in this furthest outpost of the Grapefruit League, the quieting Thomas are busy.

Some of them say the New York Giants will be lucky to finish third in the National League pennant this season.

There are those who think the pitching is not up to par. Others wonder if the infield will stand the gauntlet. Still a third faction insists the

Giants are just "too matter of fact" to come through.

A notable exception is Manager Bill Terry. After all, he will be left holding the bag if the Giants repeat their act of 1934 and 1935 and fold up on the home stretch.

"I think I have the best ball club in four years," said "Memphis Bill" today. "And don't forget, we won a pennant in one of those four years. I think we have a swell chance this time."

How does he figure the team is stronger?

"In two respects," went on Terry. "First, we are improved at second base. Burgess Whitehead and Dick Bartell give us one of the best combinations in the majors. Second, I believe Dick Coffman and Fred Marberry will give us the type of relief pitching we had in 1933 when Adolfo Luque and Herman Bell helped us win the pennant."

If Terry has a worry it probably is the infield. Granted that Whitehead will plug the gaping hole at second base, there still remains the question of how many games Terry can put in

Cleveland Indians Are Rapidly Shaping Up as Club to Beat This Year

By Alan Gould
Associated Press Sports Editor

New York, March 25.—(P)—Reading the west to east along the American League training trails, it's fairly obvious: (A) that the Cleveland Indians are rapidly shaping up as the club to beat in the American League; (2) that, by contrast, the Detroit Tigers are by no means all set and far from going in their hunt for a third straight pennant; and (3) that the Boston Red Sox are still battling around in their platoon-pitching box.

Cleveland is in a good spot to lead the Tiger hunt, combined with taking pot-shots at the hand-picked, prepaid collection of "ivory" down east. The tribe from the shores of Lake Erie hasn't had to do much tinkering this year. The club's lineup was all set before Manager Steve O'Neill called the roll. It has power and a stronger pitching staff. It's just a question of whether the Indians keep their health and strength over a full season's stretch. If they don't run afoul of another epidemic or Fourth of July celebration, Cleveland figures to get even for a flock of bad breaks pursuing the club ever since this Speaker plotted it to a world championship in 1920.

Meanwhile the New York Yankees, once the hub of all American League arguments, seem to be headed nowhere in particular. The Yanks not only have been beset by holdout trouble but they have a one-man infield, consisting mainly of Lou Gehrig, and they are gambling in futures or comebacks, otherwise.

Only a series of good breaks, including the success of the rookie sensation, Joe DiMaggio, the return of Gomez and Ruffing to top-notch pitching form and the recovery of Crosetti and Lazzeri as a regular keystone combination, can keep the Yankees in a contending position. About the only thing they can be sure of now is that Gehrig's big bat will be potent from the start.

Losers Win In J.H.S. Inter-Class Meet

Sudden Death Gives Frosh Win Over Juniors; Tie Is Assured

Losers came up winners in the second night of play in the Jacksonville high school inter-class basketball tournament, the "sudden death" rule giving the Freshmen a 22 to 20 victory over the Juniors. The Seniors, defeated in their first start, turned on the heat to beat the Sophomores 21 to 17 in the other game.

Regardless of the outcome of tonight's final games, a tie for the championship is bound to result. Each team has won one game in the round robin tournament.

Tied up 10 all in the regular playing time, both teams scored on free throws in the overtime period before the Freshmen scored the necessary two points to win the game. Little snatched a rebound from Coults shot and arched it back into the net for the winning basket.

Dozen Tank Stars Will Seek Second Straight Title Friday In North Central Natatorium

A dozen strong, Illinois College's swimmers will leave today for Naperville where the team will attempt to mark up the second straight swimming championship in the Little 19 conference. Despite the fact that they will not have two of the boys who helped bring home the title last year, the Blueboys rank as favorites to win the trophy.

Shaking off a last minute illness, a tank that threatened to deprive them of their breast stroking ace, Dick Kovec, Illinois will put a well balanced team in the waters of the North Central pool. Kovec was threatened with an attack of appendicitis but managed to shake it off in time to get in shape for the championship meet.

Preliminaries in all events will be held Friday afternoon and the championship will be run off at night. The following day track and field athletes will gather for the annual indoor and championship meet. Illinois College

will not be represented in the track and field meet.

Dewey Morberg and Joe Juel, both of whom won first places in the championship meet last year, are not in school at present and therefore will not defend their titles. However, Illinois has Glenn Freeman, who has cracked the existing conference record for the 100 yard free style, and Dan Stucka, sprint champion, along with Kovec and Patterson, the latter undefeated in conference competition as a backstroke. Using the best of this material for the relay teams, the Blueboys hope to gather up a couple cups in addition to the championship trophy.

Coach Ray Nusspeckel yesterday named the squad which will make the trip. Dan Stucka, Glenn Freeman, Ed Timke, Ted Benetti, Dick Kovec, Patterson, Hantley, John Bunch, Dunck, Roe, Frank Kallhaus, and Hammer.

Ray Mangrum Has Taken Leadership

Pinehurst, N. C., March 25.—(P)—Ray Mangrum registered a 68 for the second round of the North and South open golf championship today to take the leadership at 38 holes by two strokes with a total of 141 and set himself apart in the field of over 100 as the only player to break 70 in the first two days of play.

In second place for the final 36-hole push tomorrow for the title and \$4,000 prize money was Henry Picard of Hershey, Pa., with 143 and still the favorite in the clubhouse vying to take the championship. Gene Sarazen, the Connecticut farmer, was third with 145 and Paul Runyan, of White Plains, N. Y., the defending champion, fourth with 148.

Well within striking distance of the leaders with 147 was a group which included Harry Cooper and Horton Smith, the Chicagoans, Jimmy Thompson, long-hitting Californian, and Clarence Doser, Rochester, N. Y. E. J. Harrison, Little Rock, Ark., and Tony Manero, Greensboro, N. C.

Those scoring 160 or better for the first two rounds qualified for the final day's play.

Hank Greenberg to Leave for Florida

Promised He Will Have No Trouble Making Terms with Team

Detroit.—(P)—The News says Hank Greenberg, holdout first baseman of the Detroit Tigers, has decided to leave today for the training camp at Lakeland, Fla., upon assurance that he would be welcome and have no trouble in coming to an agreement.

The News says Greenberg, last of the important baseball players remaining unsigned, probably will be in Detroit uniform before a new week begins.

He had remained at his Croton Park home in New York awaiting a salary adjustment.

"I'm ready to play as soon as I put on my uniform," Greenberg was quoted as saying. "I'm in first-class condition and expect to have one of the biggest seasons of my career."

Pittsburgh Again Flooded as River Rises After Rains

Golden Triangle Basements are Threatened Again as Waters Rise

Pittsburgh, Pa.—(AP)—Rising waters of the Monongahela flooded lowland towns today and surged into river front streets of Pittsburgh in a miniature repetition of the disastrous high waters which spread death and destruction over a wide area last week.

Several hundred residents fled for the highlands in down-valley towns. At Brownsville, Pa., the water rose to within two feet of last week's crest, inundated 200 homes and disrupted rail and highway traffic. Property damage was described by police as slight.

The Monongahela was fed by flooded tributaries in northern West Virginia which swept a part of the town of Grafton and submerged the government's \$15,000,000 Tygart's Valley dam. The river was receding at its headwaters today.

The new rise, which rivermen predicted would not come within many feet of last week's mark in Pittsburgh, threatened to inundate basements in the lower part of the "Golden Triangle," heart of Pittsburgh's business area, which was hard hit by the last flood.

Lowland residents at Wheeling, W. Va., were warned to prepare for new high waters from the Ohio, into which the Monongahela empties.

Racing toward Pittsburgh from the north were high waters from the Allegheny river, but weather bureau officials predicted the Monongahela will be falling by the time the Allegheny's crest arrives. This would diminish the flood danger.

Local Veterans of 78th Division to Reunion Saturday

Illinois Members of Famous Combat Unit to Meet in Springfield March 28

On Saturday, March 28, hundreds of Illinois veterans of the world war are expected to gather at the Leland hotel in Springfield for the first state reunion of men who fought in the 78th Division, one of the most famous combat units of the war.

Among them will be Frank A. Robinson of this city, who served in the division as a member of the 309th Field Artillery. Mr. Robinson has attended several reunions of his regiment, but this is the first time Illinois men who fought in the 78th Division have attempted an organization.

This division, during post-war days, has been active through a national association. Illinois veterans, however, have been more or less out of touch with their war-time buddies, since most of the divisional reunions have been held in the east. Organization of a state association will draw them together again.

While the Seventy Eighth originally was made up largely of troops from New Jersey, New York and Delaware, upwards of a thousand Illinois soldiers fought under its banner. Probably the most famous Illinois veteran who served with this unit overseas is Col. Frank Knox, Chicago publisher, who is a candidate for the Republican presidential nomination.

Other prominent Illinoisans who are veterans of the 78th, and who have been invited to attend are: Brig. Gen. C. D. Hornum, the division's chief of staff in the Argonne, recently made Chief of Artillery, in the 6th Corps Area, with headquarters in Chicago; Robert Mead, Robert Nessler, Hugh Brennan, Albert Fleischman, George Van Buren and Chase M. Smith, all of Chicago.

From other parts of the state will come, Walter A. Booth and Henry F. Glaubert, Belleville; H. R. Thornton and Renzo Phelps, Centralia; Phillip E. Lamson, Charleston; Frank R. Matur, Cicero; H. A. Pependieker, Danville; Thomas Dillehut and Samuel Malone, Decatur; Leo Dawson, East Moline; Edwin H. Smith, Clyde Bryant, George Popkes, Robert P. Young, Clarence Reynolds and Arthur Barbea, all of East St. Louis; A. W. Summers, Eldorado; Vernon L. King of Galesburg; Earl K. Carpenter, Harvey; Frank A. Robinson, Jacksonville; and James W. Jarboi and William H. Maxwell, Joliet.

The Councilors of the League of Nations, after days of waiting for the word from der Fuhrer, left London, putting up to Eden and the other Locarno diplomats the task of finding a way out of the new, greater impasse.

With the departure of the league council, informed sources said, the first phase of the international crisis—reassertion of the sanctity of treaties, coupled with condemnation of Germany for its Rhineland occupation in violation of the Locarno pact—was past.

IN JUSTICE COURT

Charles West of the Murrayville community was arraigned in the court of Justice A. B. Opperman yesterday morning on a charge of assault and battery alleged to have been committed March 24 on the person of Clifford Walker, who swore out the warrant. Constable H. W. Diggins made the arrest. West pleaded guilty to the charge, paid a fine and court costs and was released.

Mrs. W. E. Overton was a shopper in the city yesterday from Winchester.

HALT GERMAN-RUSSO ECONOMIC TREATY

Occupation of Rhineland is Given as Cause

Berlin—(AP)—Trade negotiations between Germany and Soviet Russia have come to a halt, both German and Russian official sources said today, since Adolf Hitler's March 7 Reichstag speech, announcing occupation of the Rhineland and denunciation of the Locarno pact.

This did not mean an actual rupture of negotiations, these sources said, but a postponement in dealings over a German loan and delay in completing current trade arrangements for 1936.

David Kandelaki, Soviet trade commissioner for Germany, is in Moscow now, reporting on the situation as it developed after Hitler's speech.

Efforts by Dr. Hjalmar Schacht, Nazi economics minister, to gain better economic relations with Russia date back to May 21, 1935—one day after another Reichstag speech in which Hitler, despite his eliminations against Bolshevism, said "nevertheless."

"The German government has no other desire except that of having peaceful and friendly relations with all her neighbors."

English Cabinet is Discussing Hitler's Note on Rhineland

Locarno Diplomats Face New and Greater Impasse on Problem

(Copyright, 1936, By Associated Press.) London—(AP)—Adolf Hitler's rejection of the Locarno power proposals, tightening the European crisis over German occupation of the Rhineland, was deliberated by Prime Minister Stanley Baldwin's cabinet today at its regular weekly meeting.

Sir Thomas Inskip, Britain's new minister for defense coordination, attended the meeting for the first time as a full member of the cabinet.

French Minister of State Joseph Paul-Boncour visited Foreign Secretary Anthony Eden at the foreign office for a last minute conference before flying this afternoon to Paris.

Hitler's refusal to withdraw his forces from the Rhineland or to accept a judgment by the World Court in Germany's argument against the Franco-Soviet mutual assistance pact, threw the Rhineland negotiations back to the Locarno powers.

The Councilors of the League of Nations, after days of waiting for the word from der Fuhrer, left London, putting up to Eden and the other Locarno diplomats the task of finding a way out of the new, greater impasse.

With the departure of the league council, informed sources said, the first phase of the international crisis—reassertion of the sanctity of treaties, coupled with condemnation of Germany for its Rhineland occupation in violation of the Locarno pact—was past.

Farm Problem Gets More Attention as Campaign Continues

Washington—(AP)—The farm problem drew increasing attention today as a campaign talking point. One prominent Republican declared the government should refrain from telling growers what to plant, while a Roosevelt supporter asserted the president has the backing of farmers.

Col. Frank Knox of Chicago, continuing his drive for the Republican presidential nomination, outlined his views in a New York broadcast last night.

"What the government should not do," said Knox, "is to attempt to tell the farmer what to plant, how much to plant, and in general to run their business for them."

He listed efficient production, and the finding of domestic and foreign markets, as essential points of a program.

Knox, who will soon tussle with Senator Borah of Idaho in the Illinois primary, also stressed the constitutional question, declaring the constitution "provides ample means" to accomplish changes in law with changes in conditions.

Edward A. O'Neal, president of the American Farm Bureau Federation, said the Republicans can offer no effective opposition to the president in the western farm belt because "they don't have a farm program."

He declared there was "no question about" farm support for Mr. Roosevelt.

CHARGE VIOLATION OF HOG ORDINANCE

Charles Harrell was arrested by local police yesterday morning on a city warrant charging him with keeping hogs within the corporate limits of the city of Jacksonville. The warrant was sworn out by Arthur Hipkins.

Harrell was arraigned in the court of Justice A. B. Opperman and gave bond for his appearance for trial on April 1. He was released on bond.

H. E. Boyd of Virginia was a caller here yesterday.

New Rise Expected On River

Heavy Rains at Headwaters of Tributaries Reported; 32-foot Crest Forecast for Pittsburgh.

SEVEN DEAD IN STATE

(Copyright, 1936, the Associated Press.) Cincinnati—Heavy rains at the headwaters of Ohio river tributaries caused a fresh rise in the upper valley today that threatened to boost the flood crest at Cincinnati to around 60 feet.

The nation's flood and storm death toll reached 197 after additional drownings and recoveries of bodies last night, and a reckoning of totals in Pennsylvania where the deluge struck hardest. Figures by state follow:

Pennsylvania, 126; West Virginia, 14; Massachusetts, 10; Ohio, 7; Vermont, 6; Maine, 3; Connecticut, 5; Maryland, 5; Virginia, 4; Missouri, 4; Wisconsin, 3; New York, 2; North Carolina, 2; Georgia, 2; New Hampshire, 1; and Tennessee, 1.

TOLL NOW 197

(By the Associated Press.) The nation's flood and storm death toll reached 197 after additional drownings and recoveries of bodies last night, and a reckoning of totals in Pennsylvania where the deluge struck hardest. Figures by state follow:

Pennsylvania, 126; West Virginia, 14; Massachusetts, 10; Ohio, 7; Vermont, 6; Maine, 3; Connecticut, 5; Maryland, 5; Virginia, 4; Missouri, 4; Wisconsin, 3; New York, 2; North Carolina, 2; Georgia, 2; New Hampshire, 1; and Tennessee, 1.

The river reached a crest of 59.6 feet and receded to 59.5 here today when Meteorologist W. C. Devereaux, gathering new information, revised his prediction, adding that the new rise probably would not be great enough to cause extensive damage in the lower valley where thousands of acres of lowland were flooded.

A rise in the Pittsburgh district past the flood stage of 25 feet promised to send the river there to a 32-foot crest. With tributaries running bank full or overflowing the new rise would place the stage at 63 feet or somewhat higher at Ashland, Ky. and 60 feet at Portsmouth, two feet below the sandbags at the top of the flood wall protecting the city.

He predicted a stage of 59 to 60 feet would hold at Cincinnati for nearly five days and said the new crest here might exceed slightly the higher figure.

The Mahoning river, which overflowed its banks at Warren, Youngstown and Niles, started falling, leaving the "Flats" district with water in the streets and in some homes. Flooded roadways there also promised to be the major result of the flood. The water at Youngstown was at the highest peak since 1913 but danger had passed.

Monday's heavy rains caused the rise in the upper valley, near which two flood deaths brought the state's total to seven.

Rivers in the eastern, western and central portions rose threateningly or topped their banks after rains.

Agitation for effective flood control kept pace with concerted moves toward rehabilitation throughout the Ohio valley, which has suffered an estimated \$200,000,000 loss in the last week.

The body of an unidentified man was found by Youngstown firemen in the water. Warren firemen were looking for the body of Clarence Anderson, 58, who fell into a swollen creek Monday.

The Niles-Mineral Ridge highway was under 40 inches of water at one point and at Niles, Pennsylvania railroad trains were rerouted after tracks were submerged under 38 inches of Mahoning overflow.

The Great Miami, harnessed by a conservancy project developed after the disastrous 1913 flood, rose between three and four feet at Dayton; two feet at Hamilton, a few miles south-west, and covered a mile or more of lowland at nearby Middletown.

What Candidates Have to Say

(By The Associated Press.) Otis F. Glenn, seeking the Republican nomination for United States senator, at Quincy: "The churches of America, its constitution and its press must be protected. The constitution guarantees freedom of speech, yet in other important nations no such thing exists today."

C. Wayland Brooks, seeking the Republican nomination for governor, at Danville: "When people in high places call business men cheats and chiselers, they are building up prejudices that strike at the heart of the country. The business man of Illinois has been called these names. Business is not moving forward fearlessly because of the heavy hand of government and the threat of further interference."

Lions Club Moves To Prohibit Sale, Use Of Fireworks

Clubmen At Wednesday Meeting Adopt Resolutions For "Safer Fourth"

The Lions Club passed a resolution last night at the regular meeting in the Peacock Inn, asking for the cooperation of city officials in enforcement of an ordinance prohibiting the sale and use of explosive fireworks.

The proposal for a "safer Fourth" came from Louis Rodenburg during a business session of a meeting several weeks ago. At that time President R. C. Henley appointed Mr. Rodenburg chairman to serve with Sherman Coultas, state fire marshal and Dale Hamilton in drawing up a resolution.

Thursday evening, May 12, 1910, a delegation of Jacksonville women representing the local federation of women's clubs appeared before the council and Mayor Horace Bancroft, stating that action be taken to prohibit the sale and use of dangerous fireworks.

The ladies who appeared were Mrs. David Reid, Mrs. J. A. Parsons, Mrs. J. W. Miller, Mrs. J. H. Danksin and Mrs. W. S. Badger. They were accompanied by Rev. B. O. Post, J. W. Miller and J. H. Danksin.

After a discussion the council passed the ordinance unanimously as follows:

An Ordinance

Prohibiting the sale and use of Explosives known as Dynamite Caps, Giant Crackers, Blank Cartridges and Toy Cannons within the limits of the City of Jacksonville, Illinois.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE:

Section 1.

That no person shall sell or offer for sale within the City limits of the City of Jacksonville, any dynamite caps, giant crackers, blank cartridges or toy cannons.

Section 2.

That no person shall in any part of the City, fire or discharge any blank cartridges, dynamite caps, giant crackers or toy cannons, and any person violating any of the provisions of this ordinance shall be fined in a sum not less than three nor more than twenty-five dollars for each and every offense.

Section 3.

Whereas an emergency exists for the passage of this ordinance the same shall be in full force and effect from and after its passage and legal publication.

Passed at a regular meeting of the City Council this 12th day of May, A. D. 1910.

Approved,
HORACE BANCROFT,
Mayor.

Attest:
GEORGE W. DAVIS,
City Clerk.

No Accidents

In that year, 1910, and under the first enforcement of the new ordinance the Courier reported in the evening edition, July 5, "The Fourth has come and gone and not one accident of any consequence has been recorded in this city or county." The account continues to relate the extent of the Independence celebration with picnics, night fireworks and the Nichols Park all day program.

Sherman Coultas read the following resolution for the committee last night which will be presented to Mayor F. J. Blackburn:

Whereas, the use of explosives for amusement by any individual is a serious and needless menace to the life, health, comfort and property of other individuals of the community as well as to himself;

Whereas, there has been in our city from year to year an increase in the careless, prolonged and unchecked use of dangerous and annoying explosives before, during and after the celebration of the Fourth of July;

Whereas, an ordinance, enacted May 12, 1910, by the City Council of Jacksonville, Illinois, forbids the sale and use of explosives known as dynamite caps etc., and whereas this ordinance is unenforced;

Be It Therefore Resolved by the Lions Club of Jacksonville, Illinois—

(1) That by these resolutions this club addresses an appeal for co-operation to the Jacksonville Rotary Club, the Kiwanis Club, the American Businessmen's Club, the Professional Women's Club, the League of Women Voters, the Daughters of the American Revolution and other civic organizations, requesting each separately to endorse the foregoing request and to address the same to the Mayor and City Council; furthermore, that each such club or organization is hereby asked to express its willingness to appoint, if need be, a committee to work jointly with similar committees to accomplish the purpose of these resolutions.

Be It Further Resolved, That copies of these resolutions, together with letters appealing for confirmative support, be addressed to the editors of the Courier-Journal, to the superintendent and principals of all city, state and parochial schools, and to the pastors of all churches.

Seeking an office in the 20th Congressional district where he can put into effect a program of Republicanism started and carried to successful completion in his own county Charles M. Hagen, Hardin, state's attorney of Calhoun county, is a candidate for the office of Republican state central committeeman. Hagen, who is given much credit for the success of Republican candidates in Calhoun county, pledges to voters of the ten counties of the district that if elected he will devote his time to efforts in behalf of the Republican party.

The success of the Republican party in this state will depend in no small measure upon the caliber of committeemen chosen April 14, declare Hagen's supporters, who in urging his election say it is time that men whose record shows the ability to build in stormy weather should be chosen to represent the party.
